Beautyrest by SIMMONS HOSPITALITY

Από το Παρίσι στο Τόκιο, τη Νέα Υόρκη στο Ντουμπάι, η Beautyrest® συμβολίζει την άνεση των διεθνών πολυτελών ξενοδοχείων, συνδυάζοντας αισθητική και πολυτέλεια, καινοτομία και τεχνολογία.

Το διασημότερο πολυτελές, άνετο κρεβάτι στον κόσμο, δεν αποτελεί έκπληξη το γεγονός ότι βρίσκεται σε δεκαοκτώ από τα είκοσι Hotel Brands παγκοσμίως.

Η πολυτέλεια που ενισχύει το brand

Η **Beautyrest by Simmons® HOSPITALITY** είναι το brand πίσω από τις μεγαλύτερες αλυσίδες φιλοξενίας:

A CENTURY OF
INNOVATION IN SLEEP

Η εμπειρία της **SIMMONS** στον ύπνο αποτελεί τη βάση πάνω στην οποία εξελίχθηκε η συλλογή **BEAUTYREST® by SIMMONS HOSPITALITY**.

Με επίκεντρο τη συνεχή έρευνα και την τεχνολογική καινοτομία, η **SIMMONS** έχει συμβάλει διαχρονικά στην εξέλιξη της σύγχρονης εμπειρίας ύπνου.

Η τεχνογνωσία αυτή μεταφέρεται στο Hospitality, όπου οι απαιτήσεις είναι διαφορετικές και ιδιαίτερα αυξημένες.

Professional performance. Premium comfort. Proven sleep expertise.

EXCEPTIONAL HOSPITALITY
BEGINS WITH EXCEPTIONAL SLEEP

Ο επισκέπτης μπορεί να ξεχάσει τη διακόσμηση ενός δωματίου.
Δεν ξεχνά όμως εύκολα το πώς κοιμήθηκε.

Το στρώμα αποτελεί ένα από τα σημαντικότερα σημεία επαφής του επισκέπτη με το ξενοδοχείο.

Η ποιότητα του ύπνου επηρεάζει άμεσα την αίσθηση άνεσης, ξεκούρασης και συνολικής ικανοποίησης.

> Γι' αυτό η **BEAUTYREST® by SIMMONS HOSPITALITY** σχεδιάστηκε ώστε να προσφέρει μια εμπειρία που συνεχίζεται και μετά το check-out.

A better night.
A better stay.
A stronger memory.

BEAUTYREST®
by SIMMONS HOSPITALITY

Luxury Sleep Solutions for Hotels & Resorts

Engineered for rest.

Designed for exceptional hospitality.

—

A Promise of Exceptional Sleep

Η πραγματική φιλοξενία ξεκινά από εκεί όπου ο επισκέπτης αφήνεται να ξεκουραστεί.

Η **BEAUTYREST®**
by SIMMONS HOSPITALITY
δημιουργήθηκε αποκλειστικά για τις απαιτήσεις της επαγγελματικής φιλοξενίας, συνδυάζοντας προηγμένη τεχνολογία ύπνου, υψηλή ποιότητα κατασκευής και αίσθηση διαχρονικής άνεσης.

Για ξενοδοχεία και resorts υψηλών προδιαγραφών, ο ύπνος δεν είναι απλώς μία παροχή. Είναι μέρος της συνολικής εμπειρίας.

Advanced Support.

Exceptional Comfort.

—

Στην καρδιά της εμπειρίας βρίσκεται η τεχνολογία **Pocketed Coil®**.

Τα **ανεξάρτητα ελατήρια** λειτουργούν ξεχωριστά, συμβάλλοντας στη σωστή υποστήριξη του σώματος και περιορίζοντας τη μεταφορά κίνησης μεταξύ των δύο πλευρών του στρώματος.

Το αποτέλεσμα είναι μια πιο σταθερή, ισορροπημένη και άνετη επιφάνεια ύπνου.

Μια τεχνολογία σχεδιασμένη όχι μόνο για την άνεση του επισκέπτη, αλλά και για τις απαιτήσεις της επαγγελματικής χρήσης.

BEAUTYREST® by SIMMONS
HOSPITALITY Collection

—

Μια premium αίσθηση που έχει σχεδιαστεί για να προσφέρει έναν ισορροπημένο συνδυασμό άνεσης και υποστήριξης, δημιουργώντας την αίσθηση ποιότητας που αναζητά ο επισκέπτης ενός ξενοδοχείου υψηλών προδιαγραφών.

Διεθνώς, κορυφαία ξενοδοχειακά brands επιλέγουν **Beautyrest® by Simmons Hospitality** για να προσφέρουν στους επισκέπτες τους μια ανώτερη εμπειρία ύπνου και να ενισχύσουν:

- **Guest Satisfaction Scores**
- **Online Reviews (Sleep Quality)**
- **Brand Positioning στη Luxury κατηγορία**
- **Recurring Bookings**

THE HOTEL SLEEP EXPERIENCE
REIMAGINED FOR HOME

—

From the hotel to your home

Η εξαιρετική εμπειρία ύπνου δεν χρειάζεται να τελειώνει όταν ο επισκέπτης επιστρέφει στο σπίτι.

Because comfort is in the details.

Luxury comfort.
Balanced support.
Όχι υπερβολικά μαλακό.
Όχι άκαμπτο.

Τα δωμάτιά μας αποτελούν το ιδανικό περιβάλλον για να εξασφαλίσετε ένα ξεκούραστο βράδυ προσφέροντας βαθύ ύπνο και μια ανανεωμένη αίσθηση ζωντάνιας και ευεξίας.

Χαλαρώστε με τη σειρά μας από πολυτελή είδη υψηλής ποιότητας, σεντόνια, μαξιλάρια και παπλώματα, τυλίξτε τον εαυτό σας για μια νύχτα απολαυστικού ύπνου ειδικά σχεδιασμένα για να παρέχουν ζεστασιά και προστασία.

Δεν είναι πάντα δυνατό να βρίσκεστε στον αγαπημένο σας προορισμό.

Τώρα όμως, μπορείτε να φέρετε την ίδια πολυτελή εμπειρία στο σπίτι σας.

THE LUXURY OF HOTEL SLEEP
BEYOND YOUR STAY

—

Η Collection **BEAUTYREST® by SIMMONS HOSPITALITY και τα πολυτελή μας είδη** δεν είναι διαθέσιμα σε καταστήματα λιανικής πώλησης, καθώς προορίζονται για τον τομέα της φιλοξενίας.

Επεκτείνετε την εμπειρία διαμονής σας στο σπίτι μετά το check out με το πρόγραμμα GUEST

Sleepeezee
ESTABLISHED 1924

Η τέχνη του ύπνου συναντά την τέχνη της φιλοξενίας.

Από το 1924, η βρετανική Sleepeezee συνδυάζει την τεχνογνωσία, την ποιότητα κατασκευής και την καινοτομία, δημιουργώντας λύσεις ύπνου για τις απαιτήσεις της σύγχρονης ξενοδοχειακής φιλοξενίας.

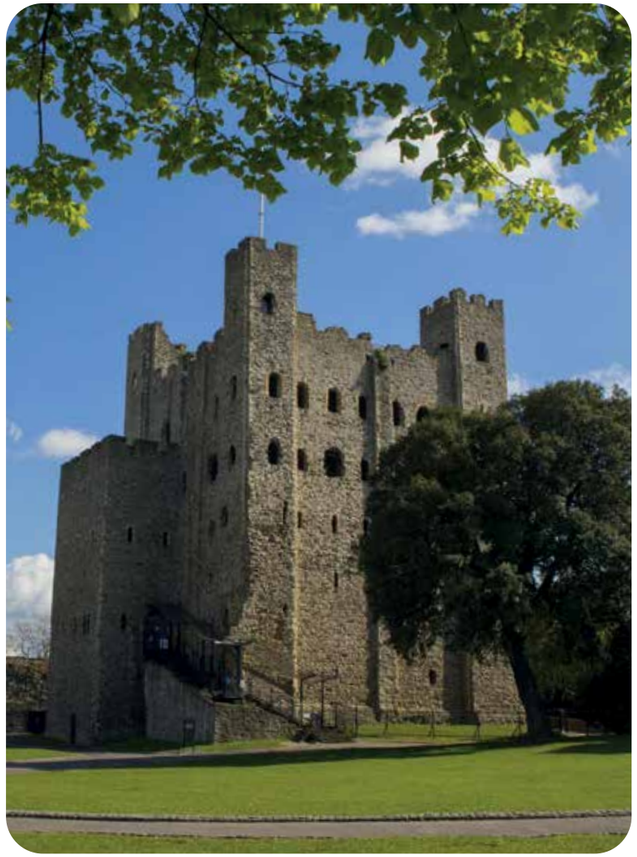
Η Luxury Hotel Collection προσφέρει μια επιλεγμένη σειρά στρωμάτων και κρεβατιών, σχεδιασμένων για υψηλά επίπεδα άνεσης, υποστήριξης και ανθεκτικότητας, συμβάλλοντας σε μια αναβαθμισμένη εμπειρία διαμονής για κάθε επισκέπτη.

Βρετανική παράδοση
Εμπειρία και τεχνογνωσία από το 1924.

Άνεση και υποστήριξη
Προσεγμένα υλικά και προηγμένα συστήματα ελατηρίων.

Ανθεκτικότητα
Λύσεις σχεδιασμένες για επαγγελματική χρήση.

Ευελιξία επιλογών
Τυποποιημένες και ειδικές διαστάσεις για τις ανάγκες κάθε ξενοδοχείου.



Our story since 1924

Sleepeezee was founded in 1924 by the Price family in Croydon, London, who first started manufacturing flock and hair mattresses. In the late 1920's, Sleepeezee was one of the first manufacturers to produce pocket spring mattresses. Today, every single Sleepeezee product is still made in the UK at our factory based in Rochester, Kent.

Sleepeezee have proudly held a Royal Warrant since 1963. Royal Warrants are regarded as a sign of the best in British design and are only granted to those who demonstrate the highest standards of excellence, quality and service with responsible management and production methods. Holding a Royal Warrant reinforces Sleepeezee's reputation for creating superior quality beds and provides reassurance that your bed is built to last.

Our environment

Whilst striving for quality and great value for our customers, sustainability is at the forefront of our business. This approach requires ourselves and all our timber suppliers to be FSC© certified, ensuring the materials purchased are from sustainably managed forests. We also ensure that none of the waste from our factory goes to landfill.

We are committed to using environmentally friendly and sustainable materials in our products including wool, silk, cashmere and horsehair. These are not only natural fibres, but also help regulate your body temperature throughout the night for a deeper night's sleep.

Sleepeezee is an active supporter of The Campaign For Wool, a global endeavour initiated by its patron HM the King, which supports British sheep farmers and promotes the unique, natural, renewable and biodegradable benefits of wool.

Our dedication to helping preserve our environment and reduce our carbon emissions has resulted in us achieving Planet Mark certification and Carbon Neutral Organisation status. As part of our carbon o setting initiative, we work with local schools in a tree planting programme, which allows us to share with young people the importance of sustainability and caring for our environment.

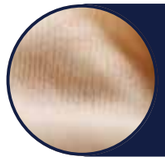
Our finest fillings

Natural Wool

A soft, springy, and breathable fibre with exceptional moisture-wicking properties that help keep you cool in the summer and warm in the winter. Sleepeezee is proud to support The Campaign For Wool.



Cashmere

Soft to the touch, but highly resilient, cashmere adds an outstanding softness to the mattress as well as having great moisture-wicking properties to keep you cool and dry throughout the night.

StayCool Gel

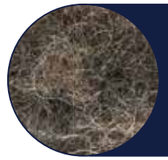
StayCool Advanced Gel is a supportive and breathable gel that is pressure-sensitive, not heat-sensitive. It channels away excess body heat, prevents overheating, and helps to keep you at your optimum body temperature. It also ensures even weight distribution and relief on pressure points.

Silk

A strong and durable fibre, silk is also soft and highly resilient. It helps regulate your body temperature throughout the night by allowing air to pass quickly through the fibres, promoting a more comfortable night's sleep.

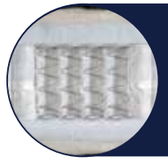
Breathable Comfort Fibres

A durable and breathable fibre made from repurposed materials, offering resilient support while promoting sustainability. It wicks away moisture to help keep you cool and dry throughout the night, ensuring long-lasting comfort and eco-friendly sleep.



Horsehair

Horsehair fibres are incredibly strong and springy; over time they do not lose their flexibility, ensuring continuous comfort and support. Each fibre helps transport heat away from the body, wicking away moisture and helping to regulate body temperature for a more comfortable night's sleep.



Traditional Pocket Springs

Pocketed springs are regarded as the most superior spring system in any mattress. Sleepeezee uses unique barrel-shaped, individually pocketed springs that move independently, contouring to your own individual weight and shape for optimum support and posture.

Softech® Pocket Springs

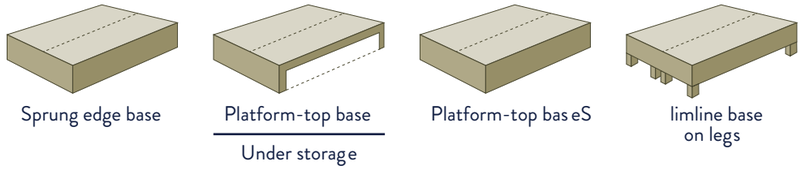
Individually pocketed Softech springs are a tightly spaced, durable pocket spring system with a unique shape that provides an initial softness that becomes firmer when more weight is applied. The result is superior comfort and support for varying body sizes and sleeping patterns.

Mattress Linking Pad Option:

Sleepeezee's Mattress Linking Pad is the ultimate solution to enhancing the sleep comfort and support for your visiting guests.
Designed for use with Sleepeezee's super king zip and link mattresses, the linking pad not only conceals the central gap between the two single mattresses, it more importantly creates a seamless sleep surface with a choice of two comfort feels: soft and sumptuous or firmer orthopaedic feel.

The linking pad is easy and quick to install and remove, and provides extra protection and longevity to the mattress itself. It also provides the opportunity to regularly change what is essentially the top of the mattress, giving peace of mind to your visiting guests that they are sleeping on a pristine, hygienic, quality bed whenever they stay.

Sprung edge or Platform-top divan base options



Sleepeezee divan bases are made to the highest specifications using quality FSC timber and materials along with robust construction techniques. This ensures that the bases provide the best possible platform for the Sleepeezee mattress of your choice.

Our most versatile divan base is available at 40cm (including feet) high as either a platform top or sprung edge. Sprung bases are the most luxurious choice of divan base and feature a top layer of springs that run from edge to edge. These act as a shock absorber to o er cushioned support and a softer sleep surface for enhanced comfort.

Fabric colours: Please see our website for our current choice of attractive, modern fabric colours.

Headboard options

Add the perfect finishing touch to your Sleepeezee bed with one of our fashionable headboards. All headboards are available in standard UK sizes to suit any of our divan bases, with a selection of fabric colours to choose from.

CRAFTSMANSHIP

OUR PARTNERSHIP WITH QEST:
THE QUEEN ELIZABETH SCHOLARSHIP TRUST

QEST was established in 1990 and was the brainchild of the Royal Warrant Holders Association (RWHA), of which Sleepeezee is a member.

Sleepeezee is the only bed manufacturer in the world authorised to make mattresses and divans with the QEST mark of distinction. Its function is to fund British artisans through college courses, apprenticeships and one-to-one training.

Every product sold by us generates a contribution to the charity, whose core objective is to sustain British craftsmanship, a vision shared by Sleepeezee and one that is very close to our hearts.

As a U.K. manufacturer we recognise the need to maintain historical skills used within our industry over hundreds of years and are committed to encouraging excellence in traditional craftsmanship.

Our most experienced craftsman hand make this collection to the highest standards, using the finest natural materials and time honoured techniques.

Our ENVIRONMENT

Whilst striving for quality and great value for our customers, sustainability is at the forefront of our business. All the timber components in our divan bases and headboards are FSC® Certified, reflecting our unwavering commitment to quality, safety and excellence in every aspect of our manufacturing process. We also ensure that none of the waste from our factory goes to landfill.

We are committed to using environmentally friendly and sustainable materials in our products including wool, silk, cashmere and horsehair. These are not only natural fibres, but also help regulate your body temperature throughout the night for a deeper night's sleep.

Sleepeezee is an active supporter of The Campaign For Wool, a global endeavour initiated by its patron HRH The Prince of Wales, which supports British sheep farmers and promotes the unique, natural, renewable and biodegradable benefits of wool.

Our dedication to helping preserve our environment and reduce our carbon emissions has resulted in us achieving Planet Mark certification and Carbon Neutral Organisation status. As part of our carbon offsetting initiative, we work with local schools in a tree planting programme, which allows us to share with young people the importance of sustainability and caring for our environment.

Our FINEST fillings

Sleepeezee mattresses offer a unique combination of traditional, natural and state-of-the-art fillings and support systems which deliver a level of sleep comfort to suit everyone. Each filling is used as an essential ingredient that works with all other layers in the mattress to provide ultimate comfort, support and a sense of pure luxury that is synonymous with the Sleepeezee brand.

Covered in PURE QUALITY
The PURE ticking fabric is a 100% Belgian damask, made by Maes, a family owned business in Flanders, who have been awarded the prestigious Oeko-Tex certification. This is a high-grade fabric made from plant based natural viscose and complies with the strictest REACH environmental laws and sustainable business practices.

Natural Horsehair

Horsehair fibres are incredibly strong and springy, so over time they don't break or lose their flexibility ensuring continuous comfort and support. Each fibre helps transport heat away from the body, wicking away moisture and helping to regulate body temperature for a more comfortable night's sleep.

Natural Cashmere

Soft to the touch, but highly resilient, cashmere adds an outstanding softness to the mattress, as well as having great moisture wicking properties to keep you cool and dry throughout the night.

Natural Silk

Strong and durable, silk is a soft and highly resilient fibre that helps regulate your body temperature throughout the night by allowing air to pass quickly through the fibres, helping to promote a more comfortable night's sleep.

Natural British Wool

A soft, springy and breathable fibre with exceptional moisture wicking properties that help keep you cool in the summer and warm in the winter.

Sleepeezee is proud to support The Campaign For Wool.

Mohair

A strong, durable and luxurious fibre, mohair helps regulate your body temperature throughout the night. It's often blended with silk or cashmere to create an even stronger natural fibre.

Talalay latex

Naturally derived from the rubber tree, Talalay latex is moulded with air pockets for breathability. It is one of the most durable and natural materials available, recovering its shape instantly when pressure is removed, ensuring superior support and pressure relief throughout the night. Latex is also anti-microbial and dust mite resistant, ideal for allergy sufferers.

Bamboo Blend

Made from a blend of bamboo fibres and viscose, this material is naturally breathable and soft to the touch. It helps regulate temperature by allowing air to circulate and moisture to dissipate, supporting a fresher, more comfortable sleep environment. The smooth fibre structure is gentle on skin and naturally resistant to odours, making it a practical choice for everyday comfort.

Natural Cotton

A soft, cooling and natural fibre that is perfect for wicking moisture away from the body during sleep and has excellent breathability. This helps with temperature regulation and promotes a cooler, and more comfortable sleep environment.

Traditional Pocket Springs

Pocketed springs are regarded as the most superior spring system in any mattress. Sleepeezee uses unique barrel-shaped, individually pocketed springs that move independently, contouring to your own individual weight and shape for optimum support and posture.

Softech® Pocket Springs

Much like traditional, standard size pocketed springs, the mini pocketed springs provide an additional layer of subtle support. They work in harmony with the other support layers, moving independently to contour to your own individual weight and shape for optimum support and posture.

WINDSOR

The WINDSOR pillow top mattress combines 5000 INDIVIDUAL SOFTECH® POCKETED SPRINGS and double layered pocketed springs, with 100% NATURAL FILLINGS including Talalay latex, horsehair, bamboo blend and British wool blended with luxurious mohair, cashmere and silk, all helping to REGULATE BODY TEMPERATURE and providing the most outstanding and uncompromising support and comfort.

The mattress is hand-made with a tufted, fully sprung pillow-top that delivers the finest sleep experience.

The performance of the mattress is enhanced when matched with our premium fully sprung divan base, giving exceptional comfort and a luxurious sleep sensation.

The mattress border is upholstered in a fabulous woven damask and features embroidered flag stitched handles and nickel vents that promote cool airflow through the mattress.

Four rows of side stitching provide edge to edge support.

Finished with beautiful bespoke embroidered ‘PURE’ mattress handles, marking the uncompromising quality of this remarkable mattress.

Tensions: Available in medium or firm/firmer feel.
Mattress depth: 36cm

PURE QEST MATTRESS TOPPER

Hand crafted in BRITAIN, the Sleepeezee PURE mattress topper offers sumptuous natural comfort NIGHT AFTER NIGHT.

Featuring luxurious fillings including British wool and cotton, Talalay latex and pocketed springs, this topper delivers a highly supportive, breathable and temperature-regulating sleep environment.

When combined with the Sandringham or Blenheim mattress, this topper allows you to fall into a luxurious deep comfort that the pillow-top mattresses in this range offer, whilst still allowing you to be able to turn your mattress.

The topper is finished with strong, easy to attach straps that allow it to fit securely onto your Sleepeezee mattress for lasting support and fantastic comfort.

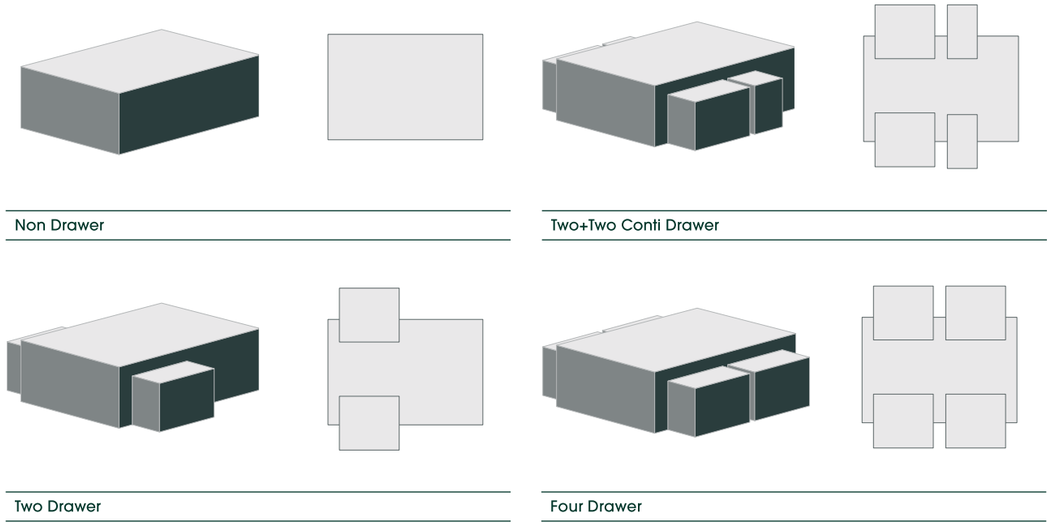
DIVAN BASE options

Sleepeezee divan bases are made to the highest specifications using quality timber and materials along with robust construction techniques.

This ensures that the bases provide the best possible platform for the Sleepeezee mattress of your choice.



Style Options
A beautifully upholstered pocket sprung edge divan compliments each mattress, available as a 36cm high divan, a 26cm high divan or a 17cm high divan (please note that storage drawers are only available with the 36cm high divan option).
There is a choice of either wheeled castors or glides for the 36cm and 26cm divan options (the castors / glides add approx. 5cm to the afore-mentioned respective divan base heights).
For the 17cm divan, there is a choice of either Lena Silver or Lena Dark legs (in conjunction with inset support legs and a slip cover component in the
context of linked base pairs which enable a one-piece look to the finished divan, overall base height incl.
17cm frame + legs = approx. 30cm).
Sprung bases are the most luxurious choice of divan base and feature a layer of springs, which act as a shock absorber to offer cushioned support and a softer
sleep surface for enhanced comfort.
