SUPPORTING EXCELLENCE IN BRITISH CRAFTSMANSHIP

QEST

OUR PARTNERSHIP WITH QEST: THE QUEEN ELIZABETH SCHOLARSHIP TRUST

QEST was established in 1990 and was the brainchild of the Royal Warrant Holders Association (RWHA), of which Sleepeezee is a member.

Sleepeezee is the only bed manufacturer in the world authorised to make mattresses and divans with the QEST mark of distinction. Its function is to fund British artisans through college courses, apprenticeships and one-to-one training.

Every product sold by us generates a contribution to the charity, whose core objective is to sustain British craftsmanship, a vision shared by Sleepeezee and one that is very close to our hearts.

As a U.K. manufacturer we recognise the need to maintain historical skills used within our industry over hundreds of years and are committed to encouraging excellence in traditional craftsmanship.

Our most experienced craftsman hand make this collection to the highest standards, using the finest natural materials and time honoured techniques.

Our STORY since 1924

Sleepeezee was founded in 1924 by the Price family in Croydon, London, who first started manufacturing flock and hair mattresses, as well as other associated products. In the late 1920's, Sleepeezee was one of the first manufacturers to produce pocket spring mattresses.

Today, every single Sleepeezee product is still made in the UK at our factory based in Rochester, Kent. A Royal Warrant from His Majesty King Charles III is a mark of excellence and the best of British quality, underlying Sleepeezee's reputation for creating superior products and delivering excellent service. You will find our beds in some of the finest 5 star luxury hotels around the country.

With traditional family values at the heart of our business, we support various charities and truly believe in doing whatever we can to help support our local community. To date we have donated over £250,000 between Macmillan Cancer Support, the British Heart Foundation, the Queen Elizabeth Scholarship Trust and our local hospice, ellenor.

ROCHESTER CASTLE

Our BRITISH *heritage*

Since 1924 SLEEPEEZEE has *continued* to lead the GREAT BRITISH bed industry through *innovative design*, QUALITY and *value for money*.

Our reputation as one of the largest manufacturers of pocketed sprung beds in the UK has its foundations in our impeccable craftsmanship. We strive for quality and great value for our customers. We have achieved all of this and more by understanding exactly what our customers need.

Our colleagues are incredibly passionate and loyal, with nearly half of our workforce holding between 10 and up to 44 years' service, demonstrating the depth of experience throughout the business, which in turn is reflected in the quality and craftsmanship of our beds.

Every Sleepeezee bed has been designed to guarantee a great night's sleep, night after night and our confidence in our products is demonstrated by a guarantee of up to 10 years with everyone.

SLEEPEEZEE is *proud* to
hold a Royal Warrant from
HIS MAJESTY KING CHARLES III,
originally granted in 1985

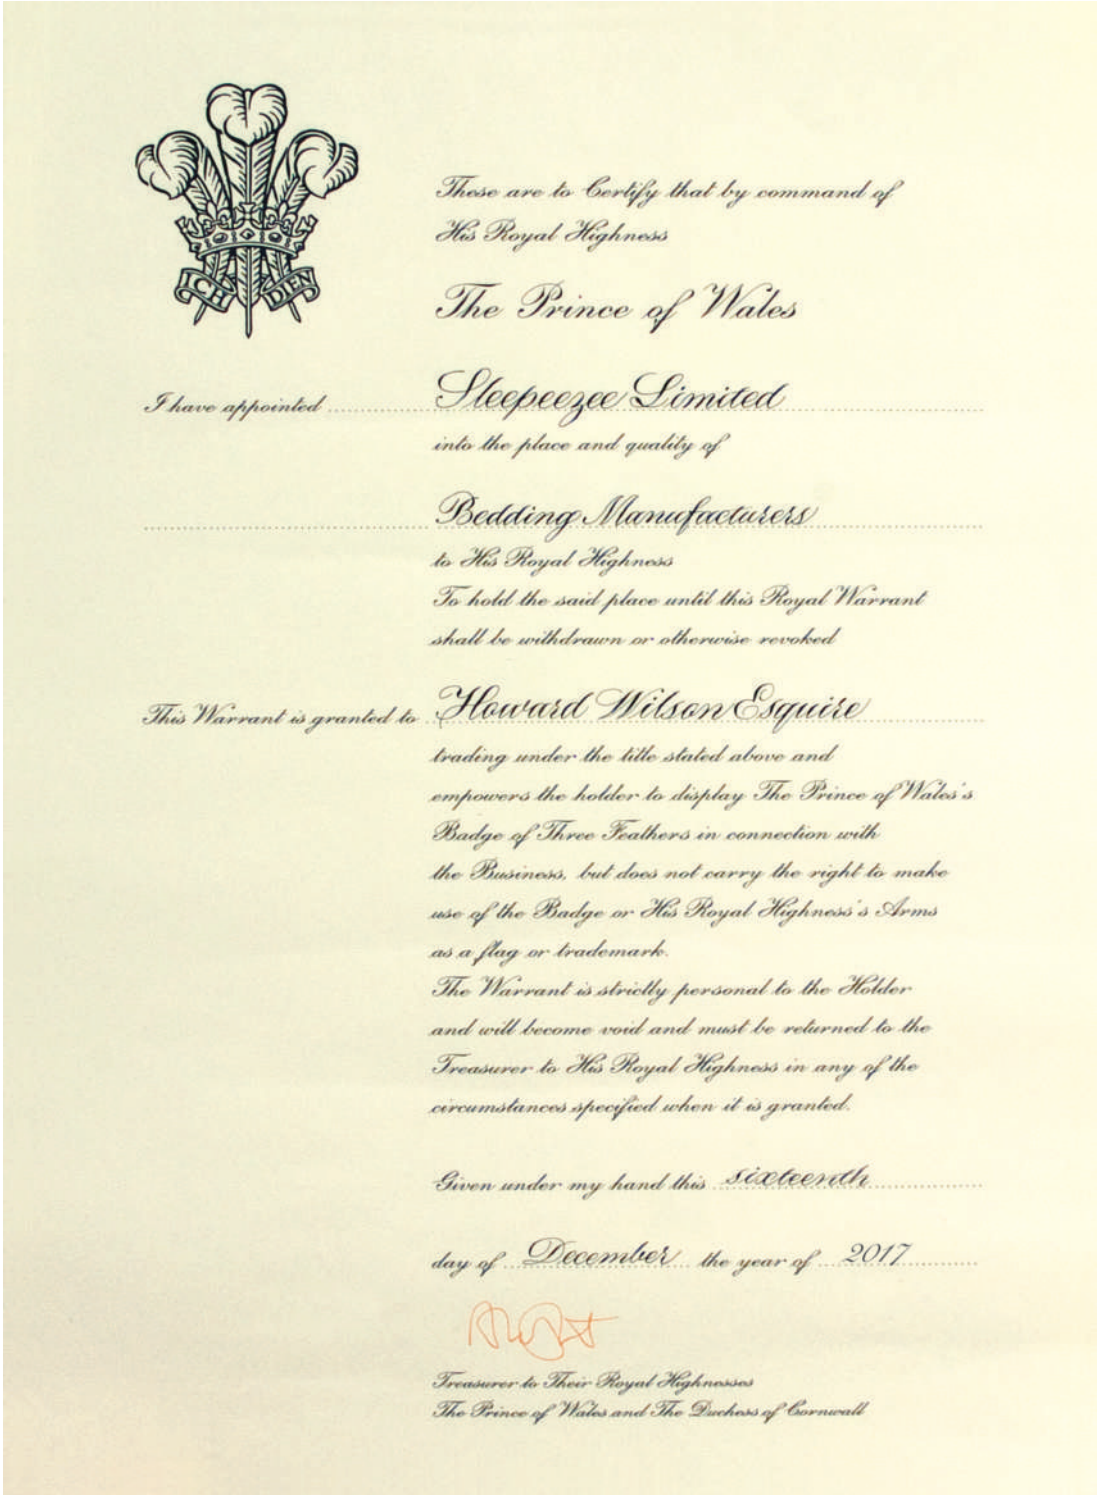

By ROYAL *appointment*

Royal Warrants are regarded as a sign of the best in British design and are only granted to those who demonstrate the highest standards of excellence, quality and service with responsible management and production methods.

Holding a Royal Warrant reinforces Sleepeezee's reputation for creating superior quality beds and provides reassurance that your bed is built to last. Warrant holders undergo rigorous evaluations and are required to reapply every 3-5 years, demonstrating sustained excellence and active supply of good or services to the monarchy for at least 5 years.

Having previously held the Royal Warrant of Appointment under HRH The Prince of Wales since 1985, Sleepeezee's continuation of this distinguished recognition underscores its consistent delivery of superior products and services over the decades, now being the first bed maker to receive the Royal Warrant of Appointment from His Majesty King Charles III.

These are to Certify that by command of
His Royal Highness

The Prince of Wales

I have appointed Sleepeezee Limited
into the place and quality of

Bedding Manufacturers
to His Royal Highness
To hold the said place until this Royal Warrant
shall be withdrawn or otherwise revoked

This Warrant is granted to Howard Wilson Esquire
trading under the title stated above and
empowers the holder to display The Prince of Wales's
Badge of Three Feathers in connection with
the Business, but does not carry the right to make
use of the Badge or His Royal Highness's Arms
as a flag or trademark.
The Warrant is strictly personal to the Holder
and will become void and must be returned to the
Treasurer to His Royal Highness in any of the
circumstances specified when it is granted.

Given under my hand this sixteenth
day of December the year of 2017

Treasurer to Their Royal Highnesses
The Prince of Wales and The Duchess of Cornwall

Our EXCEPTIONAL *Craftsmanship*

Since 1924 SLEEPEEZEE has been DESIGNING and CRAFTING *handmade*, HIGH QUALITY *pocket spring beds*.

We champion traditional artisan skills such as hand tufting and use some of the finest, most durable raw materials, such as British wool, cashmere and horsehair, which are complemented by truly advanced manufacturing techniques.

As a result, Sleepeezee beds create a stunning centrepiece in any bedroom and continue delivering exceptional comfort night after night, year upon year. Each and every Sleepeezee bed is made by hand and made to order by our master craftsmen and craftswomen using skills that have been developed and perfected for many years to deliver the highest quality and superior comfort for our beds.

Every design detail is meticulously checked to ensure a high quality finish and provide complete reassurance that your Sleepeezee bed will offer years of comfort, backed by a guarantee of up to 10 years. With a wide range of mattresses providing varying levels of support tailored to your needs, we are confident that you will find the perfect bed for you. Complete your bed with a choice of headboard and storage options, all expertly finished in one of our luxurious upholstery fabrics.

We are *committed* to using ENVIRONMENTALLY FRIENDLY and SUSTAINABLE MATERIALS in our *products including wool, silk, cashmere* and *horsehair.*

Our ENVIRONMENT

Whilst striving for quality and great value for our customers, sustainability is at the forefront of our business. All the timber components in our divan bases and headboards are FSC® Certified, reflecting our unwavering commitment to quality, safety and excellence in every aspect of our manufacturing process. We also ensure that none of the waste from our factory goes to landfill.

We are committed to using environmentally friendly and sustainable materials in our products including wool, silk, cashmere and horsehair. These are not only natural fibres, but also help regulate your body temperature throughout the night for a deeper night's sleep.

Sleepeezee is an active supporter of The Campaign For Wool, a global endeavour initiated by its patron HRH The Prince of Wales, which supports British sheep farmers and promotes the unique, natural, renewable and biodegradable benefits of wool.

Our dedication to helping preserve our environment and reduce our carbon emissions has resulted in us achieving Planet Mark certification and Carbon Neutral Organisation status. As part of our carbon offsetting initiative, we work with local schools in a tree planting programme, which allows us to share with young people the importance of sustainability and caring for our environment.

Our FINEST *fillings*

Sleepeezee mattresses offer a unique combination of traditional, natural and state-of-the-art fillings and support systems which deliver a level of sleep comfort to suit everyone. Each filling is used as an essential ingredient that works with all other layers in the mattress to provide ultimate comfort, support and a sense of pure luxury that is synonymous with the Sleepeezee brand.

Covered in PURE QUALITY

The PURE ticking fabric is a 100% Belgian damask, made by Maes, a family owned business in Flanders, who have been awarded the prestigious Oeko-Tex certification.

This is a high-grade fabric made from plant based natural viscose and complies with the strictest REACH environmental laws and sustainable business practices.

Natural Horsehair

Horsehair fibres are incredibly strong and springy, so over time they don't break or lose their flexibility ensuring continuous comfort and support. Each fibre helps transport heat away from the body, wicking away moisture and helping to regulate body temperature for a more comfortable night's sleep.

Natural Cashmere

Soft to the touch, but highly resilient, cashmere adds an outstanding softness to the mattress, as well as having great moisture wicking properties to keep you cool and dry throughout the night.

Natural Silk

Strong and durable, silk is a soft and highly resilient fibre that helps regulate your body temperature throughout the night by allowing air to pass quickly through the fibres, helping to promote a more comfortable night's sleep.

Natural British Wool

A soft, springy and breathable fibre with exceptional moisture wicking properties that help keep you cool in the summer and warm in the winter.

Sleepeezee is proud to support The Campaign For Wool.

Mohair

A strong, durable and luxurious fibre, mohair helps regulate your body temperature throughout the night. It's often blended with silk or cashmere to create an even stronger natural fibre.

Talalay latex

Naturally derived from the rubber tree, Talalay latex is moulded with air pockets for breathability. It is one of the most durable and natural materials available, recovering its shape instantly when pressure is removed, ensuring superior support and pressure relief throughout the night. Latex is also anti-microbial and dust mite resistant, ideal for allergy sufferers.

Bamboo Blend

Made from a blend of bamboo fibres and viscose, this material is naturally breathable and soft to the touch. It helps regulate temperature by allowing air to circulate and moisture to dissipate, supporting a fresher, more comfortable sleep environment. The smooth fibre structure is gentle on skin and naturally resistant to odours, making it a practical choice for everyday comfort.

Natural Cotton

A soft, cooling and natural fibre that is perfect for wicking moisture away from the body during sleep and has excellent breathability. This helps with temperature regulation and promotes a cooler, and more comfortable sleep environment.

Traditional Pocket Springs

Pocketed springs are regarded as the most superior spring system in any mattress. Sleepeezee uses unique barrel-shaped, individually pocketed springs that move independently, contouring to your own individual weight and shape for optimum support and posture.

Softech® Pocket Springs

Much like traditional, standard size pocketed springs, the mini pocketed springs provide an additional layer of subtle support. They work in harmony with the other support layers, moving independently to contour to your own individual weight and shape for optimum support and posture.

Style Options

A beautifully upholstered pocket sprung edge divan compliments each mattress, available as a 36cm high divan, a 26cm high divan or a 17cm high divan (please note that storage drawers are only available with the 36cm high divan option).

There is a choice of either wheeled castors or glides for the 36cm and 26cm divan options (the castors / glides add approx. 5cm to the afore-mentioned respective divan base heights).

For the 17cm divan, there is a choice of either Lena Silver or Lena Dark legs (in conjunction with inset support legs and a slip cover component in the context of linked base pairs which enable a one-piece look to the finished divan, overall base height incl. 17cm frame + legs = approx. 30cm).

Sprung bases are the most luxurious choice of divan base and feature a layer of springs, which act as a shock absorber to offer cushioned support and a softer sleep surface for enhanced comfort.
