A CENTURY OF
INNOVATION IN SLEEP

Η εμπειρία της **SIMMONS** στον ύπνο αποτελεί τη βάση πάνω στην οποία εξελίχθηκε η συλλογή **BEAUTYREST® by SIMMONS HOSPITALITY**.

Με επίκεντρο τη συνεχή έρευνα και την τεχνολογική καινοτομία, η **SIMMONS** έχει συμβάλει διαχρονικά στην εξέλιξη της σύγχρονης εμπειρίας ύπνου.

Η τεχνογνωσία αυτή μεταφέρεται στο Hospitality, όπου οι απαιτήσεις είναι διαφορετικές και ιδιαίτερα αυξημένες.

Professional performance. Premium comfort. Proven sleep expertise.

EXCEPTIONAL HOSPITALITY
BEGINS WITH EXCEPTIONAL SLEEP

Ο επισκέπτης μπορεί να ξεχάσει τη διακόσμηση ενός δωματίου.
Δεν ξεχνά όμως εύκολα το πώς κοιμήθηκε.

Το στρώμα αποτελεί ένα από τα σημαντικότερα σημεία επαφής του επισκέπτη με το ξενοδοχείο.

Η ποιότητα του ύπνου επηρεάζει άμεσα την αίσθηση άνεσης, ξεκούρασης και συνολικής ικανοποίησης.

> Γι’ αυτό η **BEAUTYREST® by SIMMONS HOSPITALITY** σχεδιάστηκε ώστε να προσφέρει μια εμπειρία που συνεχίζεται και μετά το check-out.

A better night.
A better stay.
A stronger memory.

BEAUTYREST®
by SIMMONS HOSPITALITY

Luxury Sleep Solutions for Hotels & Resorts

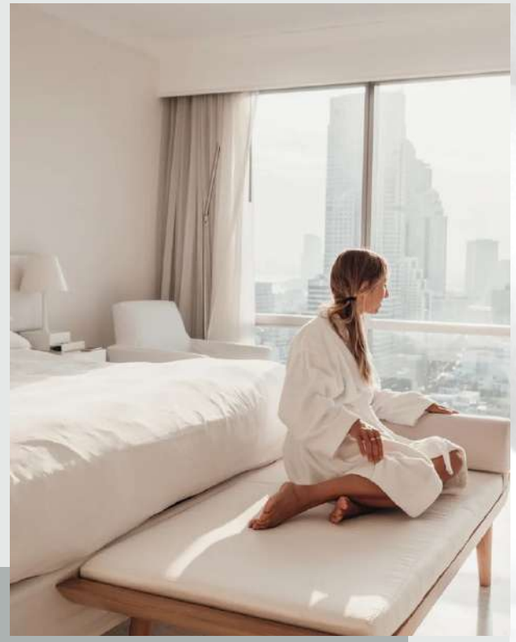

Engineered for rest.
Designed for exceptional hospitality.

—

A Promise of Exceptional Sleep

Η πραγματική φιλοξενία ξεκινά από εκεί όπου ο επισκέπτης αφήνεται να ξεκουραστεί.

Η **BEAUTYREST®**
by SIMMONS HOSPITALITY
δημιουργήθηκε αποκλειστικά για τις απαιτήσεις της επαγγελματικής φιλοξενίας, συνδυάζοντας προηγμένη τεχνολογία ύπνου, υψηλή ποιότητα κατασκευής και αίσθηση διαχρονικής άνεσης.

Για ξενοδοχεία και resorts υψηλών προδιαγραφών, ο ύπνος δεν είναι απλώς μία παροχή. Είναι μέρος της συνολικής εμπειρίας.

Advanced Support.
Exceptional Comfort.

—

Στην καρδιά της εμπειρίας βρίσκεται η τεχνολογία **Pocketed Coil®**.

Τα **ανεξάρτητα ελατήρια** λειτουργούν ξεχωριστά, συμβάλλοντας στη σωστή υποστήριξη του σώματος και περιορίζοντας τη μεταφορά κίνησης μεταξύ των δύο πλευρών του στρώματος.

Το αποτέλεσμα είναι μια πιο σταθερή, ισορροπημένη και άνετη επιφάνεια ύπνου.

Μια τεχνολογία σχεδιασμένη όχι μόνο για την άνεση του επισκέπτη, αλλά και για τις απαιτήσεις της επαγγελματικής χρήσης.

BEAUTYREST® by SIMMONS
HOSPITALITY Collection

—

Μια premium αίσθηση που έχει σχεδιαστεί για να προσφέρει έναν ισορροπημένο συνδυασμό άνεσης και υποστήριξης, δημιουργώντας την αίσθηση ποιότητας που αναζητά ο επισκέπτης ενός ξενοδοχείου υψηλών προδιαγραφών.

Διεθνώς, κορυφαία ξενοδοχειακά brands επιλέγουν **Beautyrest® by Simmons Hospitality** για να προσφέρουν στους επισκέπτες τους μια ανώτερη εμπειρία ύπνου και να ενισχύσουν:

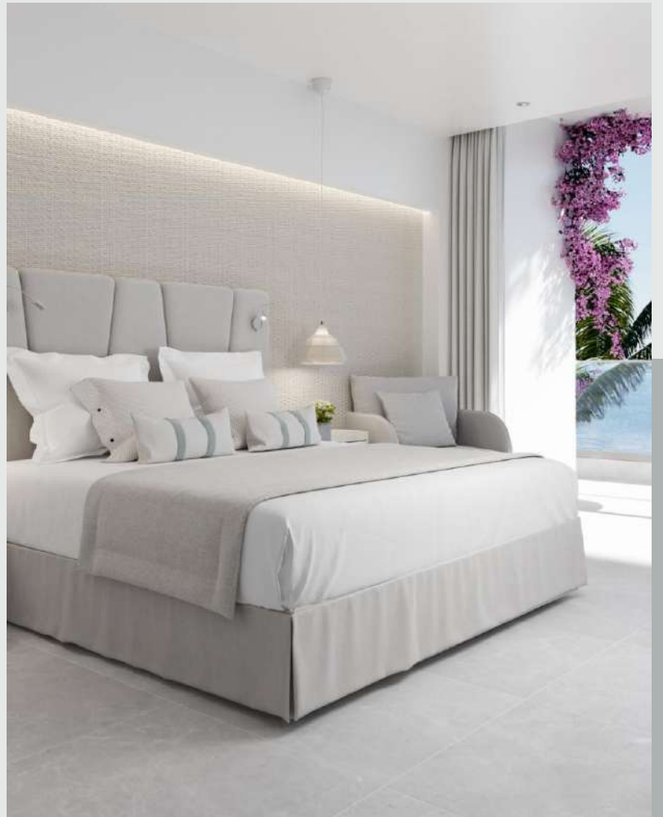

- **Guest Satisfaction Scores**
- **Online Reviews (Sleep Quality)**
- **Brand Positioning στη Luxury κατηγορία**
- **Recurring Bookings**

THE HOTEL SLEEP EXPERIENCE
REIMAGINED FOR HOME

—

From the hotel to your home

Η εξαιρετική εμπειρία ύπνου δεν χρειάζεται να τελειώνει όταν ο επισκέπτης επιστρέφει στο σπίτι.

Because comfort is in the details.

Luxury comfort.
Balanced support.
Όχι υπερβολικά μαλακό.
Όχι άκαμπτο.

THE LUXURY OF HOTEL SLEEP
BEYOND YOUR STAY

Η Collection BEAUTYREST® by SIMMONS HOSPITALITY και τα πολυτελή μας είδη δεν είναι διαθέσιμα σε καταστήματα λιανικής πώλησης, καθώς προορίζονται για τον τομέα της φιλοξενίας.

Τα δωμάτιά μας αποτελούν το ιδανικό περιβάλλον για να εξασφαλίσετε ένα ξεκούραστο βράδυ προσφέροντας βαθύ ύπνο και μια ανανεωμένη αίσθηση ζωντάνιας και ευεξίας.

Χαλαρώστε με τη σειρά μας από πολυτελή είδη υψηλής ποιότητας, σεντόνια, μαξιλάρια και παπλώματα, τυλίξτε τον εαυτό σας για μια νύχτα απολαυστικού ύπνου ειδικά σχεδιασμένα για να παρέχουν ζεστασιά και προστασία.

Δεν είναι πάντα δυνατό να βρίσκεστε στον αγαπημένο σας προορισμό.

Τώρα όμως, μπορείτε να φέρετε την ίδια πολυτελή εμπειρία στο σπίτι σας.

Επεκτείνετε την εμπειρία διαμονής σας στο σπίτι μετά το check out.

Our story since 1924

Sleepeezee was founded in 1924 by the Price family in Croydon, London, who first started manufacturing flock and hair mattresses. In the late 1920's, Sleepeezee was one of the first manufacturers to produce pocket spring mattresses. Today, every single Sleepeezee product is still made in the UK at our factory based in Rochester, Kent.

Sleepeezee have proudly held a Royal Warrant since 1963. Royal Warrants are regarded as a sign of the best in British design and are only granted to those who demonstrate the highest standards of excellence, quality and service with responsible management and production methods. Holding a Royal Warrant reinforces Sleepeezee's reputation for creating superior quality beds and provides reassurance that your bed is built to last.

Our environment

Whilst striving for quality and great value for our customers, sustainability is at the forefront of our business. This approach requires ourselves and all our timber suppliers to be FSC© certified, ensuring the materials purchased are from sustainably managed forests. We also ensure that none of the waste from our factory goes to landfill.

We are committed to using environmentally friendly and sustainable materials in our products including wool, silk, cashmere and horsehair. These are not only natural fibres, but also help regulate your body temperature throughout the night for a deeper night's sleep.

Sleepeezee is an active supporter of The Campaign For Wool, a global endeavour initiated by its patron HM the King, which supports British sheep farmers and promotes the unique, natural, renewable and biodegradable benefits of wool.

Our dedication to helping preserve our environment and reduce our carbon emissions has resulted in us achieving Planet Mark certification and Carbon Neutral Organisation status. As part of our carbon o setting initiative, we work with local schools in a tree planting programme, which allows us to share with young people the importance of sustainability and caring for our environment.

Our finest fillings

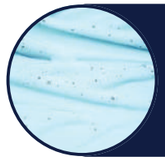

Natural Wool

A soft, springy, and breathable fibre with exceptional moisture-wicking properties that help keep you cool in the summer and warm in the winter. Sleepeezee is proud to support The Campaign For Wool.

Cashmere

Soft to the touch, but highly resilient, cashmere adds an outstanding softness to the mattress as well as having great moisture-wicking properties to keep you cool and dry throughout the night.

StayCool Gel

StayCool Advanced Gel is a supportive and breathable gel that is pressure-sensitive, not heat-sensitive. It channels away excess body heat, prevents overheating, and helps to keep you at your optimum body temperature. It also ensures even weight distribution and relief on pressure points.

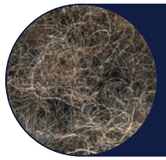

Silk

A strong and durable fibre, silk is also soft and highly resilient. It helps regulate your body temperature throughout the night by allowing air to pass quickly through the fibres, promoting a more comfortable night's sleep.

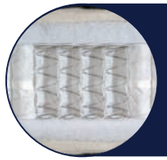

Breathable Comfort Fibres

A durable and breathable fibre made from repurposed materials, offering resilient support while promoting sustainability. It wicks away moisture to help keep you cool and dry throughout the night, ensuring long-lasting comfort and eco-friendly sleep.

Horsehair

Horsehair fibres are incredibly strong and springy; over time they do not lose their flexibility, ensuring continuous comfort and support. Each fibre helps transport heat away from the body, wicking away moisture and helping to regulate body temperature for a more comfortable night's sleep.

Traditional Pocket Springs

Pocketed springs are regarded as the most superior spring system in any mattress. Sleepeezee uses unique barrel-shaped, individually pocketed springs that move independently, contouring to your own individual weight and shape for optimum support and posture.

Softech® Pocket Springs

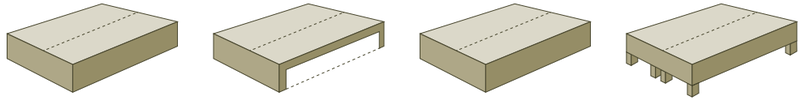

Individually pocketed Softech springs are a tightly spaced, durable pocket spring system with a unique shape that provides an initial softness that becomes firmer when more weight is applied. The result is superior comfort and support for varying body sizes and sleeping patterns.

Mattress Linking Pad Option:

Sleepeezee's Mattress Linking Pad is the ultimate solution to enhancing the sleep comfort and support for your visiting guests.
Designed for use with Sleepeezee's super king zip and link mattresses, the linking pad not only conceals the central gap between the two single mattresses, it more importantly creates a seamless sleep surface with a choice of two comfort feels: soft and sumptuous or firmer orthopaedic feel.

The linking pad is easy and quick to install and remove, and provides extra protection and longevity to the mattress itself. It also provides the opportunity to regularly change what is essentially the top of the mattress, giving peace of mind to your visiting guests that they are sleeping on a pristine, hygienic, quality bed whenever they stay.

Sprung edge or Platform-top divan base options

Under storage

Sleepeezee divan bases are made to the highest specifications using quality FSC timber and materials along with robust construction techniques. This ensures that the bases provide the best possible platform for the Sleepeezee mattress of your choice.

Our most versatile divan base is available at 40cm (including feet) high as either a platform top or sprung edge. Sprung bases are the most luxurious choice of divan base and feature a top layer of springs that run from edge to edge. These act as a shock absorber to o er cushioned support and a softer sleep surface for enhanced comfort.
